

EPISODE 7

**HEART FAILURE
ASSOCIATION OF INDIA**

Improving Heart Failure Care

THE HEART FAILURE CLINICS⁺ EDITION 2023

Saturday 16th September 2023

**Bedside Clinics for
Expert Management of Heart Failure**

*Sir William Osler's clinical demonstration, watched by medical students
and professors; photographed in 1905*

Dear colleagues,

The Heart Failure Association of India (HFAI) successfully completed the first series of Heart Failure Clinics in December 2021 and second in December 2022. The ten episodes encompassed exciting clinical case discussions in heart failure by brilliant Cardiology postgraduate students from various institutions guided by eminent examiners from all over the country. The overwhelming success of the program even in the Covid era is instrumental for the launch of our new series of bedside clinics- The Heart Failure Clinics Plus, Edition 2023.

This course incorporates the advantages of the earlier series- a postgraduate friendly learning atmosphere which is exam and practice-oriented. DM/DNB Cardiology residents will have the opportunity to present cases to leading Cardiology examiners. A student panel from another institute will take on the questions pertaining to the case thereby permitting evaluation of the clinical approach and analytical skills of the panel. There will be two lecture sessions by eminent Cardiologist. This will include focussed areas in the diagnosis, evaluation, management and research in heart failure.

It is a pleasure to invite everyone to join us in this journey to see, understand, demystify and conquer the realm of Heart Failure.

COURSE DIRECTORS

Dr. K Venugopal

Professor of Cardiology
Pushpagiri Medical College
Tiruvalla, Kerala, India
Email : venugopalknair@gmail.com

Dr. Harikrishnan S

Professor and HOD of Cardiology,
